

# FOOD PACKING COLLECTION

by **VICRILA**

At present, the **trend to use glass containers** is on the rise, replacing the plastic.

**Our commitment to the environment** becomes visible through our products, offering our customers new glasses in which to fill both food products as well as decoration products.

We at VICRILA **ensure the reliability and quality of our products** in our processes of manufacture:

-**100% control** of the articles, both in appearance and dimensional.

-VICRILA certifies that **our products are manufactured in compliance with the European directives 1935/2004 y 2023/2006**, regarding good practice for product manufacturing which is destined to be in contact with food.

**VICRILA** gives you **confidence and security** of acquiring the best containers for your products.
